Telephone Subscribers Please Note

This will be the last listing of names of newly connected telephone subscribers as most of the telephones contemplated in the recent expansion project are now installed. The new Telephone Directory will be mailed to all subscribers this month. It will contain about 500 new listings representing a growth of over 52% in the number of subscribers connected to the Appomattox-Pamplin exchanges since the rural expansion project was started in March 1959.

We hope this new and expanded service to Darlington Heights, Hixburg, Madisonville, Oakville, Red House, Spout Spring and Vera, will bring pleasure and profit to the people in these communities. We are confident we are expressing the sentiment of the old telephone subscribers in Appomattox and Pamplin when we say "Welcome to the new subscribers, we are glad to have this new connecting link which enables us to talk with so many more of our friends and customers over a wide area. We hope you will enjoy your closer association with the people of Appomattox and Pamplin."
